Dear Speaker Pelosi and Minority Leader McCarthy:

The undersigned national associations represent for-profit and non-profit owners, operators, developers, lenders, property managers and housing cooperatives involved in the provision of rental housing, both affordable and conventional. We support [H.R. 6880](#), the bipartisan Choice in Affordable Housing Act, introduced by Representative Emanuel Cleaver, II (D-MO) and Representative John Katko (R-NY) and urge the passage of this legislation.

We have long-supported the Housing Choice Voucher (HCV) Program, which provides rental subsidies to approximately two million very low-income households who obtain housing in the private rental market. Intended to broaden the range of housing choices for families seeking affordable housing, the HCV Program has proven to be an important tool for subsidizing rents for low-income families. In addition, Housing Choice Vouchers can be leveraged to build new, or rehabilitate existing, affordable housing—a necessity in today’s tight rental markets.

While important reforms were included in the Housing Opportunity Through Modernization Act (HOTMA) signed into law in 2016, the HCV program would benefit from the updated enhancements contained in the Choice in Affordable Housing Act. The current myriad of overlapping and redundant procedures has deterred many professional owners and operators from participating and, therefore, have limited families’ ability to access high-opportunity communities.

We strongly support the Choice in Affordable Housing Act which authorizes and directs additional resources to attract and retain landlords in the HCV program. Permitting voucher administrators to provide signing bonuses to landlords in low-poverty areas, helping with security deposits, reducing inspection delays and expanding the use of neighborhood-specific data to set rental subsidies are practical strategies that we believe will yield the desired results.

Thank you for your commitment to housing low- income families through the important public-private partnership that is exemplified by the Housing Choice Voucher program. We stand ready to work with you to facilitate passage of this meaningful legislation.

Sincerely,
