Dear Chairman Scott, Ranking Member Warren, and Members of the Committee:

The undersigned national associations represent for-profit and non-profit owners, operators, developers, lenders and property managers and housing cooperatives involved in the provision of rental housing, both affordable and conventional, along with the technology suppliers that are driving innovation and helping assist in addressing our long-term housing challenges.

On behalf of these organizations, we write in strong support of Bill Pulte’s nomination to serve as Director of the Federal Housing Finance Agency (FHFA). Mr. Pulte’s background in housing development and philanthropic engagement uniquely positions him to guide the FHFA at this pivotal time. It is crucial that our nation’s housing finance system continue to prioritize market stability while expanding access to mortgage credit and rental opportunities.

Since founding Pulte Capital Partners in 2011, Mr. Pulte has leveraged private equity strategies to invest in building products businesses, providing him with firsthand insight into the cost drivers that influence housing supply and development. Additionally, through his own philanthropic endeavors, he has initiated and supported numerous housing projects aimed at assisting low-income families and individuals with disabilities. These efforts demonstrate his ability to address critical housing challenges, particularly in underserved communities. His combined experience in private equity and philanthropic leadership underscores a deep understanding of both the financial dynamics and social imperatives necessary to ensure secure, affordable housing for all Americans.

We urge the Senate Banking, Housing, and Urban Affairs Committee to confirm Bill Pulte without delay. His commitment to collaboration, thoughtful policymaking, and inclusive housing opportunities will make him a strong leader at FHFA. We look forward to working with him, and with you, to ensure that our housing finance system remains both stable and vibrant for all Americans.
