

Insurance & Risk Management

RISK MANAGEMENT IN THE AGE OF COVID-19

Multifamily firms have faced a tough insurance landscape over the past several years with increasing costs and limited coverage options being the market reality. Add in COVID-19, and the risk landscape facing all facets of the multifamily industry is troublesome. NMHC continues to work on issue critical to risk mitigation for the multifamily industry including authorization of the National flood insurance Program (NFIP), and a long-term extension of TRIA. With an eye to the future, NMHC is advocating on behalf of the industry insuring the availability of pandemic insurance, affordable cyber coverage, and COVID-19 liability protection.
