

Robin Bellerby, AIA, LEED AP, NCARB, is Chief Architecture Officer at Humphreys, where she leads architectural operations, strategy, and risk management. With more than 30 years of experience in multifamily housing, she brings a broad perspective on how design, delivery, quality, and organizational decision-making shape successful projects. Bellerby is licensed in 24 states and the District of Columbia and has extensive experience guiding teams through multifamily and student housing projects from early planning through construction.

She holds a Bachelor of Environmental Design from Texas A&M University and a Master of Science in Learning and Organizational Change from Northwestern University. Her work focuses on improving how architectural teams collaborate, make decisions, manage risk, and deliver increasingly complex housing projects.
